Ali'iolani Science Fair

Wednesday, December 19th was Ali'iolani's first school wide science fair. Our students and teachers have worked very hard on their experiments and project boards. There were a total of 32 projects on display. Classes had a chance to view and vote for their favorite project. Judges Pam Kohara (KMR Resource Teacher), Joyce Luka (KMR Resource Teacher), and Dr. Linda

Furuto (UH Professor of Mathematics Education) reviewed and scored each project and will be selecting the top 8 projects to be entered in the Honolulu District Science Fair in February 2019. Congratulations to everyone!

HAPPY NEW YEAR! 2019

The start of the New Year is a new beginning and an opportunity to renew our commitment to educating every student, every day! It is hard to believe that we are half way through our school year. The second semester proves to be just as challenging and productive as the first semester. Our school is firing on all cylinders and we are in the groove. On a standard day our students are challenged with standards from language arts to math and from science to social studies. I am beyond proud of our students, staff, and school community. Our school is full of learners who still have a lot to accomplish. Together as a school community we can do anything. We appreciate your partnership and thank you for a wonderful 2018. Without everyone working together our success would not be possible. All of us at Ali'iolani are wishing all of our families a happy, healthy, and safe 2019!

Sincerely,
Joseph Passantino
Principal
